(Fishing law 286/82, Act on amending of the Fishing Act 1355/93 and Act on amending of the Fishing Act 1045/96)

1) However, fishing is limited so that it is prohibited to fish in rapids and running water in lakes and rivers populated by salmon, trout and whitefish (powan) or in other areas in which fishing is prohibited under other rules or regulations.

2) There can be a reel, unsuitable for casting, on the rod.

3) Provincial lure fishing can be prohibited by separate decisions in certain waters.

## Payment of the fishing management fee

The fishing management fee (**22 EUR for the calendar year 2010 or 7 EUR for seven days' fishing**) must be paid before you start fishing through a self-service payment machine, through your home computer, or with an ordinary giro payment form available from banks, to the state giro account **NORDEA 166030-101496**. Payment is non-transferable. Keep the receipt with you when you go fishing. The seven day fishing period is counted from the day of payment or from another date entered separately on the payment receipt at the time of payment.

## Provincial lure fishing fee (note 1) and 2) above)

Paying the lure fishing fee entitles you to practise lure fishing within a single province, using one rod, reel and lure. It is also permitted to use a single weighted lure or diving sinker for trolling. **The provincial lure fishing fee for the calendar year 2010 is 29 EUR, 7 EUR for seven days' fishing.** Payment is non-transferable and may be purchased for several provinces if desired.

The lure fishing fee must be paid before you start fishing, through a self-service payment machine, through your home computer, or with an ordinary giro payment form available from banks. Keep the receipt with you when you go fishing. Each province has a separate giro account for the lure fishing fee. The account numbers are as follows:

Account name	Account no	IBAN	SWIFT	7 days	a year
Fishing management fee	166030-101496	FI1716603000101496	NDEAFIHH	7 €	22 €

Province of Lappi	166030-106636	FI4416603000106636	NDEAFIHH	7 €	29 €

## Permission given by owner of the water area

A permit sold by individual fishing districts, local fishery associations, municipalities, private owners or the National Forest and Park Service is required for lure fishing, other types of fishing and crayfishing. This also applies to fishing competitions. Please ask tour organisers and tourist information offices for further information.

The above mentioned regulations for fishing do not apply to Åland Islands. That region has its own fishing law in force.
